

# Zain's

Zain's International Sdn Bhd

## From the Desk of Director

We have been investing in companies to create market leaders by keeping the entrepreneurial mindset and helping them through providing our past experiences and business network in Malaysia as well as outside of Malaysia. As of today, our portfolio companies are operating in the supermarket, hypermarket, retail & wholesale and the divisions we are dealing with are food & cosmetics industries. We have established a strong presence in these sectors through our committed management teams and hands on operational approach. Our focus on operational efficiencies, excellence and integrity has helped us in overcoming challenges in today's smart & contemporary business conditions. I am confident that ZAINS will continue to improve its track record of growth and profitability in the upcoming years by leveraging its deep industry knowledge, creative and flexible business approach, global perspective and vision, also strong capital structure and credibility in the financial institutions. We will continue to build successful companies in the same way we have done so far. I would like to convey my appreciation to all of the ZAINS family members who have been the leaders of this journey, also to our business partners who have always worked along-side us in order to create such strong companies.

Sincerely yours.

H.E. Princess Dr. Tazyeen Zahra Abidi,

Chairperson and Founder– Zain's Group of Companies International S/B Kuala Lumpur, Malaysia.
